

technical data

Whether you are starting out, or are an experienced pro, one of your biggest business challenges is to constantly stay competitive and to grow your business to the next level. The HP all-in-one is an ideal tool designed specifically to meet the needs of home offices and small businesses. Now you can have the coveted professionalism, style and capability of a big corporation, yet without the expense.

The HP PSC 750 is a versatile, flatbed printer, scanner and copier all-in-one that comes with all the right features for creativity and success in your business projects. Create colour brochures, make copies of price lists, and scan photos to use in your promotional literature – all using one compact unit, right at your desktop.

delivers professional results

- HP PhotoREt 3 colour layering technology delivers amazing photo-realistic colour output at fast speeds on a wide range of plain and special papers
- jump-start your projects at the push of a button, no PC required
 - create instant posters, produce an instant mirror image of your company's logo to make iron-on T-shirt transfer and more
- easily integrate photos in projects or send by email with 36-bit colour scanning with 600 x 1200 dpi optical resolution

easy to use

- scan and copy a wide variety of documents – photos, books, 3-D objects and more – the flatbed design makes it easy
- install in minutes with fast, simple USB connectivity for PCs and Mac

- get started right away with an intuitive control panel and quick setup instructions
- forget about retyping documents – included OCR software converts hardcopy text into files you can edit

frees up office space

- HP's smallest flatbed all-in-one – the efficiency of essential office functions integrated in a sleek and compact 358 x 452 x 272mm footprint

renowned HP reliability

- lasting reliability from the leader in all-in-one products
- backed by award-winning HP Customer Care, including one-year warranty

Build your business with the HP PSC 750 advantage today.
